CORRECTING EMS DEPARTMENT PROBLEMS

Richland County has worked to address issues with the EMS department. As a result, we will: (1) add \$2.5 million to EMS budget for needed equipment; (2) increase starting pay for paramedics; (3) raise salaries of all department employees; and (4) add up to 48 new positions.

VOTED AGAINST OUT-OF-TOWN RETREAT

On Oct. 3, council approved by a 9-2 vote holding its annual retreat at the Embassy Suites by Hilton in Myrtle Beach in January 2018. I voted against this expense to save taxpayer money and make the annual

retreat meetings accessible to the public.

COUNCIL APPROVES ELECTRONIC VOTING

By a 7-2 vote in November, County Council approved my motion to use electronic voting on all items. This new system ensures a record of how council members vote, and follows other advancements I have pushed for, which includes broadcasting meetings and roll call voting.

PROGRESS BEING MADE ON LIBRARIES

On Nov. 15, the St. Andrews library branch re-opened after its one-year renovation was completed. Upgrades include more classroom space, technology, and exterior improvements.

Additionally, work moves forward on a new library branch planned for the Edgewood Community and a construction contract for that project was approved Nov. 13.
