County Council District #5 CONSTITUENT UPDATE

Making Our Community Safer

During County Council's budget process for this fiscal year, I voted for and supported the request from our Solicitor's Office to fund two additional prosecutors who will try cases of violent criminals.

Helping Neglected & Abused Children

I voted to support a request from Richland County's Court-Appointed Special Advocates office to pay for additional office staff who will help our neglected and abused children.

Voted Against Property Tax Increase

Once again, I voted against raising property taxes here in Richland County. Although I was outvoted by a majority of other council members, I felt it was important to cast a vote against increasing property taxes year after year.

Opposed \$60 Million in Hospitality Projects

During the debate on our county's hospitality tax fund, I voted against \$60 million in project requests because they did not make financial sense for Richland County and didn't provide for any operating expenses.

BUDGET HIGHLIGHTS FOR OUR LOCAL AREA

Re-Established a Library for Edgewood

Working with one of my fellow council members, Damon Jeter, we were successful in our efforts to restore a library branch over the next 3 years in the Greater Edgewood Community that had been taken away decades ago.

Secured Funding for Edgewood Foundation

I helped secure a \$15,000 grant to the Edgewood Foundation for their work to create better futures and help children in our local community.

Protected Funding for Our Public Schools

Throughout the debate on the County's budget, I supported and voted in favor of all funding requests from our public schools.

**The first day of school
for all students in
Richland One schools
is Monday, August 18.**

It's an honor to be your voice and represent you on Richland County Council.

This postcard provides an update on some important county-related items and issues. As always, if you ever need my help, don't hesitate to visit me at www.SethRose.com or call me on my cell phone at **361.2360**.
